BECKWITH'S ANTI-DYSPEPTIC PILLS

Bhave been most successfully employed in almost every variety of functional disorder of the stomach, bowels, liver, and spleen; such as heartburn, acid cructations, nausea, headache, pain and distension of the stomach and bowels, incipient diarrhosa, colici, jaundace, flatulency, habitual costiveness, loss of appetite, sick headache, sea-sickness, &c., &c. They are a safe and comfortable aperient for females during pregnancy and subsequent confidement; relieving sickness at the stomach, headache, heartburs and many of the incidental nervous affections. Literary men, students, and most other persons of sedentary habits, find them very convenient. Those who indulge too freely in the pleasures of the table find speedy relief from the sense of oppression and distension which follow, by taking the pills. As a dinner pill, they are invaluable. Those who are drinking mineral waters, and particularly those from southern climates, ague and fever districts, will find them a valuable adjunct. Those who are exposed to the vicissitudes of weather on voyages or journeys, can take them at all times with perfect safety. In full doses they are a highly efficacious and safe antibilious medicine. They seldom or never produce sickness at the stomach or gripping.

There have been many imitations and worthless counterfeits of these pills put in circulation by unprincipled and ignorant persons—the directions, wrappers, &c., of the genuine pills so closely and accurately copied, that the closest observer could not, without a trial of their effects, distinguish between them.

The hogs of which the pork is packed to be fattened on corn, and each hog to weigh not less than

When the packing has been completed, the contractor must furnish to this office a certificate from
the packer, that the pork has been so salted and prietor.

Certificates having for several years accompanied each box, and the public being now familiar with the kind of testimony in possession of the proprietor, he has thought it no longer necessary to publish them, but simply to give a list of references (from among many) to gentlemen, who, from personal experience of the efficacy of the pills, are willing to recommend them to their friends. When the packing has been completed, the contractor must furnish to this office a certificate from the packer, that the pork has been so salted and packed. The pork is to be contained in seasoned heart of white oak tarrels, full hooped; the beans and salt in barrels, and the soap and candles in strong boxes of convenient size for transportation.

The provisions will be inspected at the time and place of delivery, and all expenses to be paid by contractors until they are deposited at such storehouses as may be designated by the agents of the department. The Commissary General reserves the privilege of increasing or diminishing the quantities, or of dispensing with any or all articles required at any post, at any time before entering into contract; and also of increasing or reducing the quantities of each delivery one-third subsequent to contract, on giving sixty days' previous notice.
